

INDONESIA AUSTRALIA BUSINESS CONFERENCE

MAKING IT HAPPEN

getting trade and investment moving

The Indonesia Australia Business Council is hosting its biennial Business Conference on 5-7 November this year in the business city of Surabaya, the city of the shark and the crocodile. This is the thirty-fifth of such conferences, hosted either in Indonesia, or by our counterparts in Australia.

Theme

At the time of the conference, it is expected that the IA-CEPA has been all-but finalized, and be almost ready to be signed if not already signed. The agreement is intended to enhance the Indonesia-Australia relationship. The relationship is bigger than any particular agreement. But this agreement, and the atmosphere of cooperation which it will engender, will significantly enhance that relationship.

We must make it happen.

And during the conference we take a general look across the board at the economic and political forces shaping our future and discuss how they are looking, besides of course inviting comment from business.

Program

After a Sunday evening opening, over the next two days the conference will look at political and economic trends, hear from business dealing with these trends, and hear from government leaders vitally interested in trade and investment issues. We will also consider the status and role of bilateral and multilateral trade and investment treaties in our region.

The Ministers responsible for trade and investment in both Australia and Indonesia are invited to attend.

SURABAYA, 5 – 7 NOVEMBER 2017
